Guidelines for Renters at the Oilfields Curling Club

Thanks for choosing the Oilfields Curling Club for your event. The information below should help you make it a fun, enjoyable and safe event.

If you have any questions or feedback, please feel free to contact the club by email oilfieldsccrentals@gmail.com.

Some basic safety and operational rules:

- 1) Curlers must conduct themselves in a manner that will not endanger themselves or others.
- 2) Make sure everyone has clean shoes. They cannot have been worn outside. Running shoes with a rubber tread are best – something that doesn't slip on ice.
- 3) Please don't lift the rocks off the ice. This is unsafe and often results in damage to the ice. Damage to the ice and hack will be charged by the hour to fix (see 'Ice Repair').
- 4) Throw in pairs, one to deliver the rock, the other to 'catch' it at the far end.
- 5) Remind your curlers to be careful stepping on and off the ice. Never stand on the ice with just a slider.
- 6) Return the rocks, slider, and brooms to their original spots at the end of the game.

What to Wear:

- 1) Loose fitting clothes that are warm, comfortable, and flexible.
- 2) Shoes that are clean, have not been worn outside, and have good grip.
- 3) Hats, Gloves / Mittens in case your hands get cold when on the ice.

Equipment:

We provide a limited number of brooms and sliders that can be borrowed to play. Please return them when done.

Ice Repair:

Damage done to the ice surface can be prevented 99.9% of the time by being safe, knowing the rules, and using common sense. The two most common causes of ice damage are picking up the stones, and hitting a hack with a stone. If this damage occurs during your rental, the labour cost of these repairs will be charged to your account. The cost for these repairs is \$20/hour. By not lifting stones, and using common sense, you can avoid this damage.

Also remind your curlers to get up from the ice after they deliver a stone. Knees and hands on the ice, melts the ice surface. Please respect our ice surface.
